Our professional and comprehensive revision programs never compromise on quality, and we're the only VCE educator in the country to offer a money back guarantee.

Your path to VCE success starts with:

- Advanced study skill development
- Better problem solving strategies
- Clear emphasis on key concepts in Units 2, 3 & 4
- Comprehensive coverage of select Units 2, 3 & 4 subjects
- Effective exam preparation
- Improved self confidence
- Improved time management skills

Designed with high achievers in mind

TSSM's exclusive 'Advantage 8+' Classes are VCE Intensive Weekly Tutorial Classes that provide students with exam preparation designed for those who are specifically targeting an ATAR of above 90.

Our team of specialist VCE teachers understand the academic demands placed on high achieving students and have spent hundreds of hours developing the 'Advantage 8+' Classes for each subject.

Each weekly tutorial class addresses the finer details of the VCAA Study Design for each subject. This ensures that students receive the most in depth examination preparation possible.

Weekly sessions run for 3 hours and thoroughly revise all examinable Areas of Study in Units 2 or 3 & 4.

The 'Advantage 8+' Classes are available for Units 2, 3 & 4 as follows:

UNITS 3 & 4 SUBJECTS

- Accounting
- Biology
- Business Management
- Chemistry
- English
- English Language
- Further Mathematics
- Economics
- Health & Human Development
- Legal Studies
- Mathematical Methods
- Physical Education
- Physics
- Psychology
- Specialist Mathematics

(including the Paired Comparison and Texts)

(including core plus 2 chosen modules)

UNIT 2 SUBJECTS

- Chemistry
- Physics (including only the core Areas of Study)
- Mathematical Methods

Small, interactive classes are just the beginning

VCE 'Advantage 8+' Classes - Program details

Our Intensive Weekly Tutorial Classes are highly specialised workshops that prepare students for elite A+ VCE scores. Students attend TSSM tutorials on a weekly basis, in addition to their regular classes at school. All tutorials are held outside school hours, both after school and on weekends. As part of our interactive tutorials students receive:

- Contact with probable examination questions
- Dedicated question time before and after class
- Detailed tuition on core VCE concepts
- Efficient concept revision that minimises pre-examination workloads and pressures
- Guidance on examination tricks, common student pitfalls and errors
- Interactive teaching that reinforces concepts taught at schools
- Motivation and support
- *An unparalleled minimum of 26 hours of tutorial contact time.*

PART 1 - Weeks 1 to 8: Intensive Subject Specific Exam Preparation Tutorials

Weeks 1 to 8 are designed to help you engage in a detailed and progressive revision of your chosen subject which is designed to help you achieve the **highest possible marks** for your SACs and Examinations.

Our classes usually consist of 8-12 students, which means that you can take advantage of having direct contact with our teachers.

All examinable topics will be addressed systematically, and you will practice examination style questions weekly. Throughout these 8 weeks, you will acquire:

- A comprehensive understanding of your chosen VCE subject
- A detailed review of the examinable content, ahead of time
- Extensive exam practice
- A+ level revision notes
- Improved self confidence

Teachers will work to the pace and needs of their students. And if this means that we cannot complete the entire course content within the allocated time, **additional classes** will be provided **complimentary!**

Duration: A minimum of 24 hours = 3 hours per week for 8 weeks.

Offering: The 'Advantage 8+' Classes are offered for every subject.

PART 2 - 'Conquer the Exams' - Strategies for exam success seminar

In this 2 hour session you will learn the essential techniques and strategies used by high performing students to achieve elite results in their exams. From high level exam skills and powerful study habits to how to maximise your time before and during the exam, you too can conquer the exams!

Duration: 2 hours.

Offering: Offered to all students attending the 'Advantage 8+' Classes.

"I found these classes very helpful. They were well structured and I liked that the program was so specifically tailored for the exam. Everything was very relevant and the notes and questions were great revision."

Natala Perera

Add 'Extension 13' or 'Extension 22' Classes

These classes are designed to review, enhance and refine each student's knowledge and examination skill-set through specific instruction by our expert teachers. After the completion of week 8 of the 'Advantage 8+' Classes, students enrolled in the 'Extension 13' or 'Extension 22' will complete the following:

For the 'Extension 13' Classes:

- **FREE Subject Specific Exam Revision Day (9hrs); and**
- **Subject Mastery and Consolidation Session (4.5hrs).**

For the 'Extension 22' Classes:

- **FREE Subject Specific Exam Revision Day (9hrs); and**
- **Subject Mastery and Consolidation Session (4.5hrs); and**
- **Maths and Science Applications & Extension Questions Classes (9hrs).**

Subject Mastery and Consolidation Session (4.5 hrs)

In this session students will **both recap and extend** on knowledge covered throughout the weekly intensive tutorial classes.

TSSM's dedicated **teachers who mark the real VCAA exams**, will be systematically guiding students through a rigorous examination based class, giving students an opportunity to **develop methodical and precise exam practices**.

Students who partake in the course will receive **essential examination knowledge** and experience, giving them a **distinguishing advantage** as they prepare for success in the VCE exams, ahead of time!

Duration: 4.5 hours in total over one day.

Offering: Offered for every subject.

Maths and Science Applications & Extension Questions Classes (9 hrs)

These classes offer students the benefit of specific instruction on the most critical, **difficult and highly probable applications and extension questions** that are essential for achieving the **elite scores** for each subject.

During these classes, our expert teachers will breakdown each question to show students where the exam marks are given, ensuring that students are provided with every opportunity to understand the VCAA marking schemes and requirements for each question. This will enable students to **obtain every possible mark** during their examinations that may otherwise be missed.

Duration: 9 hours in total over one day.

Offering: **Only** offered to students enrolled in Units 3 & 4 Biology, Chemistry, Maths Methods, Physics and Specialist Maths.

FREE Subject Specific Exam Revision Days (9 hrs)*

September Holidays - Free 9 hour Exam Revision Day

Students enrolling in our 'Extension 13' or 'Extension 22' Classes will be given a subject specific 9 hour Exam Revision Day free of charge, for the same subject they are enrolled into! This will be held during the September Holidays, normally valued at \$159 per subject.

Dates and times will be provided at a later date and in due course. Another way TSSM is **Helping VCE students be the best they can be**.

"This exam revision program has provided me with an edge over the other students to do well in the exam. Extra notes and help has broadened my understanding of the topics revised this semester."

Amandeep Singh

Our VCE teachers will help you succeed

TSSM's teachers are among the best in the State. To give you the best chance of success, we've ensured that the majority of our teachers are VCAA Exam Assessors, State Reviewers, or Published Authors with an in depth understanding of the specific course and assessment requirements of the VCE.

Our teachers have a knack for simplifying subject content that VCE students find difficult into more understandable and practical forms. This is done through their excellent communication skills and their love for teaching. This in turn helps VCE students optimise their performance in SACs and exams. For more information about our teachers, visit us online at www.tssm.com.au or phone us on 1300 134 518.

- **Thorough** content coverage
- **One-to-one** attention
- An interactive and **question-based approach** to learning
- **Faster** and **more personalised learning**

Additional Classes and Class Time!

Each student will have as much time as they need to receive a comprehensive exam preparation of Unit 2 or Units 3 & 4 content. TSSM is committed to offering as many **additional classes** as required and we will **extend class times** when students require extra contact time with our expert teachers.

Repeat Classes

In addition students will have the opportunity to **attend repeat classes** as required. This is helpful when students need more instruction on a particular concept or topic.

“Getting an ATAR of 99.25 has only been possible with the support of these exceptional teachers at TSSM - I am particularly grateful to them for helping me develop a lifelong love for learning, and I admit that this result would have been otherwise out of my reach. My classes at TSSM made this challenging year far more enjoyable and rewarding.”

Maximise your ATAR with Essential VCE skills

A Deeper Knowledge of Examinable Areas

You will be instructed by leading VCE instructors on the specific knowledge requirements that are set out by the VCAA Study Design for each subject.

A Practical Understanding of the Types of Questions Officially Examined by the VCAA

Through intensive weekly instruction and the completion of examination style questions, you will gain a solid understanding of the types of questions that will be examined. This is a critical part of successful exam preparation.

Accuracy and Speed

You will be given extensive examination practice by completing hundreds of examination style questions under strict time constraints as recommended by the VCAA.

Effective Examination Techniques

You will develop the enhanced examination techniques that are used by elite A+ students. These techniques are proven to maximise your ATAR.

Problem Solving Strategies for Examinations and SACs

We provide you with a systematic approach to solving complex analytical problems. Complex problems generally carry greater weight in the official VCAA examinations. With our proven problem solving strategies students have been able to obtain perfect study scores for VCE subjects.

As well as developing greater examination skills, you will also learn how to enhance your problem solving skills. This is essential for high performance in School-assessed Coursework.

Greater Self Confidence

By developing greater self confidence in each subject area, you will become more confident and positive about your examinations.

Powerful Study Habits

By attending the weekly sessions, you will make preparing for examinations a regular habit. This in turn increases your efficiency and optimises your study time.

“Jennifer was fantastic! Very engaging, thoroughly prepared, patient and knowledgeable. Very adept at answering our questions. Got a lot from this program, thank you TSSM!”

Minto Felix

“I feel that I am now capable of walking into my Year 12 Biology exam and obtaining an exceptional result; A feeling that I would most likely lack if I didn't attend TSSM.”

Andrew Butler

“I gained extra motivation and understanding in my studies as well as extra confidence. TSSM was the best thing I did for my schooling.”

Natalie Studdert

Success Rates[^]

Our success rates speak for themselves!

We're proud of the results from our 2017 students! Data reveals that 45.83% of our enrolled students achieved an ATAR above 90! Exactly 25% of our students scored above 95! And 4.17% of those scored above 99!

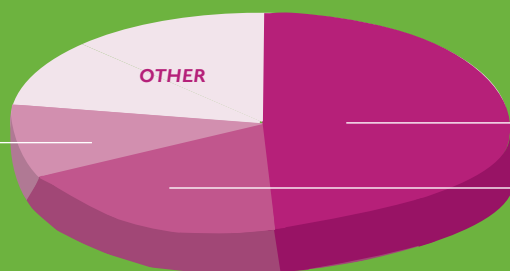

And... 60.60% of our students received a study score of 40 or above for at least one subject!

Our Weekly Tutorial Classes will provide students with the essential subject knowledge and examination skills necessary to cultivate elite ATAR scores in a friendly and effective environment.

Give yourself the best chance to achieve your goal ATAR with TSSM.

"TSSM is extremely professional and cares about its students. It provides a wonderful environment (eg. clean, water and fruit available in the study centre) that is safe, comfortable and which gives a great foundation to learn."

Lucy Harris

"It has helped me a lot with my revision process, as the weekly notes are excellent for revising and the questions are very challenging."

Sayonne Sivalingam

"TSSM definitely helped and supported me throughout the year. I now feel more confident about the exams and also the SACs which I would have otherwise struggled with. The teachers are helpful and friendly and I felt very welcomed."

Lenni Karmis

"Jodie was an excellent teacher! We covered the material well and I can't wait to be back again next semester. Class was heaps of fun!"

Virrushee Balendran

"By attending the intensive weekly tutorials, I have gained a great deal of knowledge which will help me with the exam. It has resulted in increased scores in my school SACs."

Ben Xin

"Although we were taught everything in the course at school, TSSM made it easier to understand this material by going beyond the course and reinforcing material that was covered in class."

Nicholas Chan

"I was able to approach my classes with more confidence, as I knew how to work out problems in an efficient way."

Conditions of Enrolment: Confirmation of enrolment will be issued by August 6, 2018 and sent by email. TSSM will not accept any responsibility for loss of mail (email). Students who have NOT received their confirmation by August 6, 2018 must contact our head office to confirm their enrolment. The closing date for applications is August 3, 2018. Applications after this date are welcome, but must be made online, in person, by fax or by telephone. Cancellations must be submitted in writing by 5pm July 27, 2018 and will incur a service charge of 10% of the course payment. No refunds will be issued for cancellations made after 5pm July 27, 2018, even if the enrolment and payment is made after 5pm July 27, 2018. No refunds will be issued for cancellations for students who are allocated their second, third, fourth or fifth preference for a particular subject; students should only select the preferences that they are able to attend. No refunds will be issued for the Initial Deposit paid or any other payments made under the Periodic Plan Investment option for any cancellations. No refunds will be issued for missed classes and Periodic Plan Investment applicants are required to pay for all classes including those they have not attended. In the event of a default by the applicant/parent/legal guardian in payment of fees when due and payable in accordance with the Periodic Plan Schedule detailed in Investment Options at the top of page 5 of this brochure, the applicant/parent/legal guardian shall be responsible for any bank charges, legal costs and/or any recovery agent's commissions incurred in the recovery of such unpaid fees. The student agrees to adhere to the code of conduct detailed at www.tssm.com.au when attending each week. All prices quoted on this brochure are GST inclusive. TSSM reserves the right to alter or revoke the advertised program details. **Conditions of our guarantee: Refunds will not be issued under our guarantee if the student has not attended the first week of the program. All refund requests under the guarantee will be thoroughly investigated as TSSM values the quality of its programs, and TSSM will determine whether a refund request under the guarantee will be processed, this will be done in good will and without bias. All refund requests to be investigated under the guarantee must be submitted in writing by 5pm August 13, 2018. Any refund request under the guarantee made after this date will not be eligible for a refund or credit. © TSSM 2018. ABN: 5409942670. ACN: 09942670.
